Leadership Directories Releases Fall Edition of Corporate Yellow Book New directory updates contact information for corporate C-Suite executives, general counsels, and board members

New York, NY (Leadership Directories, Inc.) September 25, 2007 – Leadership Directories announces the release of the Fall Edition of the Corporate Yellow Book, a quarterly directory listing executives who manage the leading U.S. manufacturing, service, and utility corporations.

This new edition of the Corporate Yellow Book includes updated contact information for over 10,000 corporate board members, including board members of the Fortune 500 companies. The directory expanded to include more than 1500 Chief Executive Officers, over 1200 Chief Financial Officers, and over 1,000 general counsels.

“A major trend we’ve seen over the last three months is that several of our listed companies went private,” says Corporate Yellow Book Editor Tina Hsu. “Six companies were acquired by private equity firms, including Chrysler LLC, Dollar General Corporation, Genesis HealthCare Corporation, OSI Restaurant Partners, Inc., The ServiceMaster Company, and Tower Automotive, Inc.”

Corporate Yellow Book listings provide names, titles, mailing addresses, direct-dial phone numbers, fax numbers, emails and background information. The directory is used by universities, recruiters, law firms and consultants to reach a variety of corporate contacts, including human resources managers, C-Suite executives, general counsels, and business development professionals.
